

New TEAMS 1001 錯誤無法登入處理

1. NEW TEAMS 如在使用者登入或是使用到一半跳出 1001 錯誤如下圖：

2. 右鍵點擊 TeamsUtils.ps1 檔案，選擇“用 Powershell 執行”

3.輸入 N，不需要用到管理者權限執行

```
Windows PowerShell
C:\Users\nicky.tseng\Desktop\TeamsUtilsCache

+- TeamsUtils for New Teams T2.1 -----+
| author   : Nicky Yang                  |
| version  : v0.1.9                      |
| release  : 2023/11/20                  |
+-----+

NOTE: You are not run as administrator, some function will be limited.
# Do you want to run as administrator? (Y/N): N
```

4.輸入 1，清除 NEW TEAMS 快取

```
Windows PowerShell

+- TeamsUtils for New Teams T2.1 -----+
| author   : Nicky Yang                  |
| version  : v0.1.9                      |
| release  : 2023/11/20                  |
+-----+

** NON-ADMIN MODE **

1. Clear New Teams cache.
0. Cancel

# Which process do you want to perform (1/0)? 1
```

5.輸入 Y，會自動結束 NEW TEAMS 擊 OUTLOOK

```
Windows PowerShell

+- TeamsUtils for New Teams T2.1 -----+
| author   : Nicky Yang                  |
| version  : v0.1.9                      |
| release  : 2023/11/20                  |
+-----+

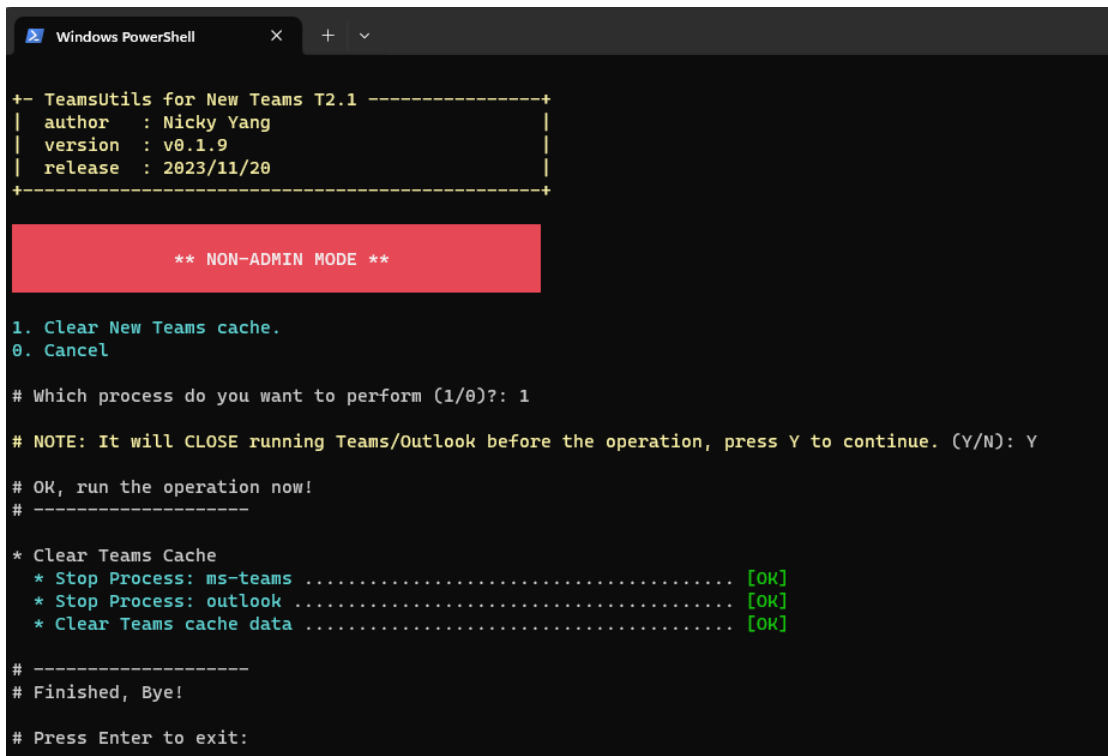

** NON-ADMIN MODE **

1. Clear New Teams cache.
0. Cancel

# Which process do you want to perform (1/0)? 1

# NOTE: It will CLOSE running Teams/Outlook before the operation, press Y to continue. (Y/N): Y
```

6.執行完畢後按“ENTER”鍵退出

```
Windows PowerShell

+-- TeamsUtils for New Teams T2.1 -----+
| author   : Nicky Yang                  |
| version  : v0.1.9                      |
| release  : 2023/11/20                  |
+-----+

** NON-ADMIN MODE **

1. Clear New Teams cache.
0. Cancel

# Which process do you want to perform (1/0)?: 1

# NOTE: It will CLOSE running Teams/Outlook before the operation, press Y to continue. (Y/N): Y

# OK, run the operation now!
# -----
* Clear Teams Cache
* Stop Process: ms-teams ..... [OK]
* Stop Process: outlook ..... [OK]
* Clear Teams cache data ..... [OK]

# -----
# Finished, Bye!

# Press Enter to exit:
```

7.開啟 NEW TEAMS，確認使用者是否可以正常登入
